

Friday, May 29th

PK3

Today will be our last day of Preschool and I will be reading you a special story. It's called, "If You Plant a Seed." It's an adorable story about a bunny rabbit and a mouse who are learning how to grow plants. But the very best plants that they learn how to grow are the plants that produced the fruits of love and kindness. Love and kindness, after all, that's what keeps the world spinning round. Easter Bunny and Itsy Bitsy Mousie will be acting out the story. You are always in my heart. "Boom, boom, boom , boom."

Art: Summer is near! I have found some cool websites that have some cool and fun summer craft ideas for you to try! I think everyone will find something that sparks their creativity! Try one on a rainy summer day. 1. www.craftcreatecook.com. I really like the milk carton birdhouses. I love to feed all the animals in my yard so I may just be whipping a few of these up for my own backyard! 2. www.iheartcraftythings.com. Search for "Easy Summer Crafts for Kids". 3. www.thisinybluehouse.com. Search for "100 Boredom Busting Summer Crafts". We all get bored during the summer. These projects will certainly give you a few ideas. Think about making something special for someone special to you! Happy Summer!

5th Grade

Ketchup - Check Google Classroom and PowerSchool to make sure that everything has been turned in. If it says "missing" that means it is not submitted.

Pickle - After checking Google Classroom and PowerSchool:

- Prodigy
- Nitrotype
- Read a book of your choice
- Go on a gratitude scavenger hunt!
 - <https://www.naturalbeachliving.com/gratitude-scavenger-hunt/>
- Try out some edible science projects!
